

# ISG goes to London

MYP4-5 + DP1-2 GOES TO LODON FOR 5 DAYS.

Last week ISG students went and explored London

43 Students and 4 supervisors, went on a trip to the deep streets of London, they have explored many things and they lived like true Brits for 5 days. They used the underground to get themselves to destinations. They have visited famous museums and after long days of adventure in London they treated themselves with nice Dinners at famous places like Nandos or Hard Rock Café and many more restaurants. What they had to eat for lunch was packed food that the fantastic hotel provided us with. Since the class had a lot to do and every morning they had a long day awaiting for themselves.

## WHAT DID THEY DO?

Theater, Museums, Restaurants and everything.

Yes, ISG students did everything that would have to be seen as tourists. They saw the Big Ben and other famous bridges. They also went one night to the WICKED play and they arrived late at night in the evening. Because all the students had to wake up really early to go through a rough day and they had learned a lot during this trip.
